

Our Knight Order and Occultism; Any Relationship?

Occultism can be defined as secrete operations that translate to the tenets of the world secret societies and groups with hidden intentions ,dark practices and mysterious activities which non-members are not permitted to participate in. They may be registered clubs or organizations whose activities and inner functioning are concealed from non-members and the government. Secret Societies are well organized conspirators working in secret to achieve a hidden agenda in which members use secrecy to protect themselves and their movements. General public view secret societies as malevolent organizations working against the general will of mankind and God. Members may be required to conceal or deny their memberships and they are often sworn to hold the society's secrets by an obligatory oath and violating the oath is consequential such as in application of ruthless sanctions and punishments. The following are some of occult related objects and activities-numerology, fortune telling, sorcery, psychic healing, rituals, soul travelling, voodoo, santeria, mediums, hypnotism, palm reading to mention few amidst their countless and repulsive norms.

The Oxford Dictionary defines Knight, “a man upon whom non-hereditary dignity of knighthood is conferred by sovereign because of personal merit or for services rendered to the country”. A Knighthood is an honour whereby one is made into a knight and one can then be called “Sir” e.g. Sir Abubakar Tafawa Balewa and Sir Isaac Newton etc.

Surely, therefore, this definition is the reason for us to select Very Important People all over the World to be included in this prestigious Internationally Chartered Knighthood incorporated under the laws of the government and filed at the office of the Secretary of the First State of United States of America (State of Delaware) which is due for award individual because of their service for mankind.

Therefore, anybody that we know who has attained the status to be called “Sir” because of their excellent productive performance in the society deserves this honorific title.

On recommendations of Very Important People in the World and confirm by any of our Officer in the World on the above subject matter refers.

It is pertinent to note that medieval knighthood which was dated back to the 11th century has evolved over centuries . As aforementioned, knighthood in the contemporary age is honorary - the first Nigerian to be knighted for instance was Kitoye Ajasa originally called Edmund Macaulay (August 10th 1866-1937). Being a confidant of Lord Lugard and a seasoned Nigerian lawyer during colonial rule, he was knighted in the 1928 birthday honors. Birthday honors in 1928 were appointments by king George V to various orders and honor classes (knights, Knight Grand Cross etc) to reward and highlight good works by citizens of the British Empire; Nigeria inclusive. The proceedings of the knight orders were purely ceremonial with decorations using medals, ribbon and badges, civilian stars and insignia in similitude to our own order. Unlike in the early centuries when orders were formed for a specific cause as in The Jesuits which were military

religious order of the Roman Catholic with diverse evolutions. Some of the evolutions are Knights of Templar; a secret body saddled with the responsibility of securing Holy Land's pilgrims. Also, worthy of notes are Knights of Columbus, knights of Malta etc. and Illuminati. Each of this has sworn secret oaths related to the oath of the Jesuits and their allegiances were consummated via initiation, rituals, vows and other means.

The Chartered World Order of the Knights of Justice of Peace Inc. is purely to recognize world heroes and heroines that have proffered one or two solutions to the problem they met on earth and have worked assiduously to leave this world in a better form. To be succinct, the following have been blacklisted by us; The freemasonry, illuminati, Krypteia, the Fenians, the black hand, the templar, the majestic 12, the great white brotherhood, Gareth knight, ordo temple orientis and any group whose stance is against Almighty God that formed the world and whose dedication is to the Devil; the apostle of lies. Satan has been a grand deceiver from Eden, his call is to lure people to hell by deception and make this world a waste at long last. We are not unconscious of the conspiracy theories of the globalists (Illuminati) that have embarked on interplanetary missions with their money to end this world abruptly. Some have built bunkers for hiding while fomenting the 3rd world war. But then, we are on the side of the Creator who will not allow His works to be marred. Our activities and theirs are very antithetical because we operate in the broad daylight to honor those who oppose satanic mission of making this world a mess and to recognize good acts of peace.

We can say that our knight order and occultism are two parallel lines that can never meet since we don't operate in darkness, no secrecy of any form, no oath to swear and no ritual to perform. Besides, we have never been in accord with any secret group and we will never. Some of the honors conferred by us have been in the order of Jesus Christ and in Islamic order. These are the only two religions that project our theological beliefs and faiths in the divinity. Any other means is bogus, heretical and pejorative.

An honorary PhD is awarded to well meaning citizens not because of having been 'drilled' in a particular field of study but because of the recipient meritorious service in any facet of life. In the same vein, our "Sirs" and "Dame" are reserved to people that have not been 'drilled' as medieval knights per say but those that have

discharged responsibilities worthy of note (but yet to be noted) in pursuing global peace.

There are scores of occult groups in our society whose deity is Satan and Lucifer their object of worship. Atheists are conveniently aligned with the Illuminati because their modus operandi is towards ruling the world and creating a new order. They are globalists with the conspiracy theory of one government, one religion and one currency among others. They have the same ideology with freemasonry and many including world celebrities, politicians and rulers follow them today blindly.

Worthy of note is the fact that these nefarious groups canvass for followers in the secret but we knight people openly without ANY rituals. They are mysterious and clandestine but we are plain. They operate in the darkness while we don't have any special operations nor periodic meetings. They are ritualistic; we are in the clear. They have symbols and signs which can never be understood by non members while we use logo for branding and is well explained to all. They are covert fraternity but we are children of light. They have a consensus objective and are willing to spill the last drop of their blood in their cause being villains; we are heroes. Occultism is something pertaining to magic which defies orthodox science or scriptural (Bible and Al Quran) establishments and is hidden from the eye and beyond the realm of human comprehension-this is their order and not ours'. The Chartered World Order of the Knights of Justice of Peace and Occultism are two parallel lines which can never converge.
